

Enniscorthy In A Bottle

The Bloody Irish Boys

Enniscorthy in a bottle that is what i need
To take me back to a place with the pastures green
A place where the waters as blue as the sky
That is where im going tonight
You can dance you can sing you can come along
To the land called Ireland where you can feel at home
There one way to get there if were going tonight
Well drink more of the rare old stuff and get to feeling right

Away im going im halfway through the door
So I guess its time we drink some more
Away im going as ireland calls me name
After 1 more drink it wont be the same be the same

Enniscorthy in a bottle that is what i need
To take me back to a place where the funs guaranteed
Where you can walk into a pub and hear the fiddles play
You can sit out on the countryside and get drunk all day
The people are all friendly and they all say hello
If your ready for ireland then come on lets go
Cause theres one way to get there if were going tonight
Thats to drink more of the rare old stuff and get to feeling right

Away im going im halfway through the door
So I guess its time we drink some more
Away im going as ireland calls me name
After 1 more drink it wont be the same be the same

Away im going im halfway through the door
So I guess its time we drink some more
Away im going as ireland calls me name
After 1 more drink it wont be the same be the same

Away im going im halfway through the door
So I guess its time we drink some more
Away im going as ireland calls me name
After 1 more drink it wont be the same be the same
