

Pass out on the floor

The Bloody Irish Boys

I wake up every other day
With my friends at the window sayin Hey Hey Hey
Let us in or get your ass out here
Its time to drink some beer
And look what we have for you to enjoy
Some beer for breakfast Oi Oi Oi
Sometimes I feel like saying go away
But I end up drinking anyway

We will be drinking tonight
Just like the night before
We will be drinking tonight
Until we pass out on the floor

Tomorrow will be just like yesterday
With my friends at the window sayin Hey Hey Hey
This liquid bread it will do you fine
And we know that you cant decline
So open the door so we can employ
The finest drinking methods Oi Oi Oi
Sometimes Im still drunk from the other day
But I end up drinking anyway
