

Soul Boy

The Blue Nile

Let me be your soul boy
Let me be your soul
There's been no one like you
Trusted and true
For so long

And I just wanna be loved by you
And when I'm really loved by you
I'll be your soul boy

Let me be your soul boy
Let me be the one
There's been no one like you
Trusted and true
For so long

And I just wanna be loved by you
And when I'm really loved by you
I'll be your soul boy

Take me as I am girl
And hold me while you can
There's not a woman in the world
Can love me better than you do
Take me as I am, like a soul boy
Soul boy

Then I don't wanna be with no one else
I don't wanna kiss no one else
I wanna be your soul boy

No more fighting and no more leaving
It ain't excitin' and I quit believin'
I'm a soul boy
Yeah, soul boy
Yeah, I'm a soul boy
Soul boy
