

War Is Love

The Blue Nile

On through the light
I'm crying for her
Come on get it right, yeah
And answer my prayers

War is love, when love
When love breaks down
War is love, when love
When love weighs down

All the years alone
Did I confess, no
It's only you say so
I've got a long way to go, saying

War is love, when love
When love weighs down
War is love, when love
When love weighs down, yeah

Listen baby, ah
War is love, war is love is love, saying

When love weighs down
Let me help you out
War is love, you know
When love, when love weighs down
