

Man Up

The Blue Van

Too tough,
Or we won't break
Enough,
Cause when you make
Dogs out of
The young proles
They blow
And come back tenfold

We don't need ropes to climb the walls you build
Ideas and passion break the bricks with guilt
MAN UP!

Machines!
Without any rust
Machines!
Turn us to dust

When you make,
A mistake
The scarecrow breaks off its stake

We don't need ropes to climb the walls anymore
My mind is stronger than it was before
MAN UP!

Cause when you make
Dogs out of
The young proles
They blow
And come back tenfold!

We don't need ropes to climb the walls anymore
My mind is stronger than it was before
MAN UP! (2x)
Yeeeeeeeeewwwwww-ewwwwww-eww

MAN UP!
SO MAN UP!
JUST MAN UP!
MAN UP!
