

The Remains Of Sir Maison

The Blue Van

You know where I can be found
Among the rebels with a sound
Take a dive and go today
Like the Thief likes to say

It's all over 'cause he's on board
It's all over 'cause he's on board

Why is it now that we're so wrong?
Take a journey, just come along
Buy the ticket, stand in line
Buy that ticket, free your kind

It's all over 'cause he's on board
It's all over 'cause he's on board
The journey is now, this is not mars
Get it together, we'll go real far
I've had enough!
