

## The Remains Of Sir Maison

The Blue Van

You know where I can be found  
Among the rebels with a sound  
Take a dive and go today  
Like the Thief likes to say

It's all over 'cause he's on board  
It's all over 'cause he's on board

Why is it now that we're so wrong?  
Take a journey, just come along  
Buy the ticket, stand in line  
Buy that ticket, free your kind

It's all over 'cause he's on board  
It's all over 'cause he's on board  
The journey is now, this is not mars  
Get it together, we'll go real far  
I've had enough!
