

# You Live You Learn You Die

The Blue Van

Hey Hope you fall on your face May you come down so hard May you rot in your cage

Stop This is where you get off You can rattle your bones But the hammer will drop

You answered my yearnings Had me flying so high Now I'm down in the gutter Cursing the sky Castles are burning You live and you learn then you die

Help You'll be crying for help You can cry all you want But you're under my spell

You answered my yearnings Had me flying so high Now I'm down in the gutter It's your turn to cry Tables are turning You and you learn then you die

Hey Hope you fall on your face May you come down so hard May you rot in your cage

You answered my yearnings Had me flying so high Now I'm down in the gutter Cursing the sky Castles are burning and it's your turn to cry But you answered my yearnings, now hear my goodbye Tables are turning You live and you learn then you die
