

All My Money Back

The Blues Brothers

As performed on 'Live from Chicago's House Of Blues'
You kiss me and you hug me
And feild me for a drink
You took all my money before I can do anything
You're using me
I said you're using me
If you don't do something about that
I want all my money back
I bought you a new car
Buyin' pretty clothes
I said right now ya
Don't I know
You're using me
You're using me
If you don't do something about that
I want all my money back
You took all my money
You left me flat broke
You didn't leave me enough money
To buy a half a good coat
You're using me
If you don't do something about that
I want all my money back
