

All She Wants to Do Is Rock

The Blues Brothers

All She Wants To Do Is Rock
Hold back the door
Stop all the clocks
I just got the news that my baby wants to rock
All she wants to do is rock
All she wants to do is rock
All she wants to do is rock
Rock and Roll all night long
Well, my baby don't like no fancy clothes
High class dinners or picture shows
When it comes to lovin', she knows what it's about
But when she huckle-bucks she knocks me out
All she wants to do is rock
All she wants to do is rock
All she wants to do is rock
Rock and Roll all night long
My baby don't like airplanes
She don't like those streamline trains
She just wants to stay at home
And huckle buck her daddy all night long
All she wants to do is rock
All she wants to do is rock
All she wants to do is rock
She wants to rock with the clock
But she don't know when to stop
Well, my baby gets her kicks every day
She rocks her fine little self away
She rocks in the basement, she rocks upstairs
I can't take it no more
I'm gonna have to get me a rockin chair
All she wants to do is rock
All she wants to do is rock
All she wants to do is rock
She wants to rock with the clock
but she don't know when to stop.
