## The Bluetones

Indecision is a curious thing  
It can turn your charity into sin  
Hesitation or the blink of an eye  
Can make your truth feel just like a lie

What if you were raised to feel naturally grateful  
Guilty  
What if you were raised to feel naturally grateful

Repetition as a way of life  
It's a safe way out  
But a long hard fight  
Isolation is a means to an end  
It's amazing how fast  
You'll forget your friends

What if you don't have what it takes to be humble  
Worthy  
What if you don't have what it takes to be humble

Feed your head  
Save your breath  
Because one of these days  
Because one of these days  
Why must I feel I'm the one  
Who must show you the way  
Who must show you the way

Feed your head  
Save your breath  
Because one of these days  
You might need it  
Why must I feel I'm the one  
Who must show you to make you believe it

Any fool can see that I'm a bad example  
If the only advice I bring  
Is to chew on your food  
And save your string

Maybe I don't have what it takes to be humble  
Worthy  
Maybe I don't have what it takes to be humble

Feed your head  
Save your breath  
Because one of these days  
You might need it  
Why must I feel I'm the one  
Who must show you to make you believe it

Feed your head  
Save your breath  
Because one of these days  
Because one of these days  
Why must I feel I'm the one  
Who must show you to make you believe it

To make you believe
