Cut Some Rug

The Bluetones

Seems like you're always a million miles away As far as I'm concerned that's where you can stay

But all the time I'm reminded

Used to be a time we had a lot in common But now as far as I can see you got something coming

And all the time you're behind me

And all the time you remind me Of blitzkrieg and the doodle bug Salt upon a bubbling slug You say I can talk to you any time But I just want to cut some rug Turn yourself away and shrug And you say that I can talk any time

It's easy living in a bubble And no complication or trouble But it's hard to have responsibility

And judging by you, a personality

And all the time you remind me Of blitzkrieg and the doodle bug Salt upon a bubbling slug You say I can talk to you any time But I just want to cut some rug Turn yourself away and shrug And you say that I can talk any time

And all the time you remind me Of blitzkrieg and the doodle bug Salt upon a bubbling slug You say I can talk to you any time But I just want to cut some rug Turn yourself away and shrug And you say that I can talk any time I can talk to you any time But I just want to cut some rug It's like blitzkrieg and the doodle bug Salt upon a bubbling slug You say I can talk to you any time But I just want to cut some rug Turn yourself away and shrug And you say that I can talk any time
