

Welcome To My Fog

The Bobs

Welcome to my fog
There's room for you
To come right in
Welcome to my fog
I guess
Welcome to my fog
Just take my hand
And be my friend
Welcome to my fog
I guess
When I was very young
And still in school
The teacher would call on me
And I wouldn't know what to do
So I would say
What?
Gee
She never called on me
Again
When I go for a drive
I feel lucky to be alive
The air feels so good
Coming off of the hood
And I don't go very fast
I want it to last
Oh yea
Strangely enough
It does
Welcome to my fog
There's room for you
To come right in
Welcome to my fog
I guess
The only sound
That I can hear
Is when you're yelling
In my ear
Hey You!
What?
Hey You!
Welcome to my fog...
