

# Crack In Smile

The Bolshoi

How much can you ever give away?  
Everything  
How much can you really say?  
Just say something  
Is it best to be alone or in a league of nations Do it  
yourself, keep it at home or listen to left luggage  
accusations How big can you make it? It's such a little  
thing I know you can't forsake it To you it's  
everything... Now  
Something in your eyes  
Is calling out loud to the sky and the clouds and the  
sea  
Hanging by a thread  
The hopes of a life spent crawling and scraping nowhere  
Well, you better not smile  
'Cause I think that your face, it will crack

How many times can you look away  
from the very thing?  
How many times do you think that you can say  
the same old things?  
You wish upon a star...well  
you will wish on anything  
Yes wishing on a tinsel covered star  
hanging by a fraying string...Now  
Something has to break  
How can you believe when they've forced you to thief  
from yourself  
something in your smile  
you know you're amazing but so self-effacing...Yes  
Well, you better not smile  
'cause I think that your face, it will crack

I'm not gonna argue with you anymore  
because it makes me wild  
I'm not going to argue with you anymore  
because you're like a little child  
You'll say just you wait  
I'll get you back...Just you wait  
You know that you can't get away with that  
Just you wait  
This is civilized  
You can't get away with that  
Just you wait  
I'll get you back

Something in your smile  
was calling out loud to the sky and the clouds and the  
sea  
Something in your face  
You know you're amazing, at least you're not  
crazy...Yes  
Well, what's it to you if this is the truth
