

# Happy Boy

The Bolshoi

Down in the depths  
Hidden from sight  
My secret identity

And there's a big black dog  
Yes a raging canine  
Running blind at nothing  
Running blind at nothing

Into the valley with a secret sin  
Up the stairs with a friend called Jimmy  
Walking like ghosts in a sea of tin  
Moving it up with a friend called Jimmy

Oh, such a happy boy today  
Blew my family clear away  
(I'm) going to university  
What do you think now?  
Such a happy boy today  
Listen to the people say,  
"Joy of joys, oh happy day"

Look up in the air  
There behind a cloud  
My dream and desire

And there's a weather man  
He's got his cap in his hand  
He says he understands  
He says he understands

Something happened in the world today  
Up the stairs with a friend called Jimmy  
I want to live like the folks in the bay  
I'm moving it up with a friend called Jimmy

(CHORUS)

Something happened in the world today  
Up the stairs with a friend called Jimmy  
I want to live like the folks in the bay  
I'm moving it up with a friend called Jimmy

(CHORUS)

Such a happy boy today  
Such a happy boy today
