

When I go for walks in the green  
I take my jar because I'm so keen  
I catch a waspy far from home  
I know it's right to leave him alone

Waspy don't fear it is only for fun  
In my whole life I ain't hurt anyone  
Hurt anyone

I beseech you  
Waspy don't leave me  
Don't fly  
Don't crawl  
Don't go away

You cause mess wherever you've been  
Tell me, tell me, everything  
If you don't tell I will rip off a wing  
With you in your jar I can do anything  
Do anything

I beseech you  
Waspy don't leave me  
Don't fly  
Don't crawl  
Don't go away

Ugly yellow zebra all filled with hate  
You head butt the jar, your backside pulsates  
You will be done before this day is through  
I'll keep your remains then I'll remember you  
Remember you

I beseech you  
Waspy don't leave me  
Don't fly  
Don't crawl  
Don't go away

Waspy, Waspy, Waspy, Waspy, Waspy...

Waspy, Waspy, Waspy, Waspy, Waspy...  
Don't die waspy  
Don't die on me  
Please don't die  
Please  
Be a nice little waspy...
