

Waspy

The Bolshoi

When I go for walks in the green
I take my jar because I'm so keen
I catch a waspy far from home
I know it's right to leave him alone

Waspy don't fear it is only for fun
In my whole life I ain't hurt anyone
Hurt anyone

I beseach you
Waspy don't leave me
Don't fly
Don't crawl
Don't go away

You cause mess wherever you've been
Tell me, tell me, everything
If you don't tell I will rip off a wing
With you in your jar I can do anything
Do anything

I beseach you
Waspy don't leave me
Don't fly
Don't crawl
Don't go away

Ugly yellow zebra all filled with hate
You head butt the jar, your backside pulsates
You will be done before this day is through
I'll keep your remains then I'll remember you
Remember you

I beseach you
Waspy don't leave me
Don't fly
Don't crawl
Don't go away

Waspy, Waspy, Waspy, Waspy, Waspy...

Waspy, Waspy, Waspy, Waspy, Waspy...
Don't die waspy
Don't die on me
Please don't die
Please
Be a nice little waspy...
