

Bones City Rollers

The Bones

All outta charm, all outta cash, but still around
Here\'s the ones that knows how to have a ball

Rough and ready
Hard hitting
Back in the ring for another swing
With evil blood and fucked up minds

Gone wreckin\
Cross checkin\
Unholy passion for the bad
A twisted rollercoaster ride

For those about to rumble
I raise my glas to toast

Another bash, another city laid to ruin
Bouncing like a pinnball, smashing blue
A quick aloha, a fast goodbye, another show
Here\'s to the ones that knows how to R\'N\'R

Trail blaizing
Hellraisin\
A sunday punch like a kiss of steel
The Stuttgart Stalkers on parole

Crusaders
Invaders
Hell ain\'t no bad place to get drunk
The brawling bunch known as patrol

For those about to rumble
For those about to score

All outta charm, all outta cash, but still in tune
Smashing like an eightball, turning blue

A quick aloha, a fast goodbye, another show
Here\'s to the ones that know how to R\'N\'R
