

## Dead Heart Beats

The Bones

A new belief, my dead heart beats  
That\'s wastin\' all my time  
One more thought, and my mind  
Another dead end story

Sometimes wrong, never right  
It\'s always sneaking from behind  
You got me caught  
In the middle with you! (You!)

Stuck in the middle with yyou  
Don\'t know what to do  
\'Cause it feels so good  
When I\'m with you, sometimes

I don\'t know what to do  
\'Cause it feels so cruel  
When I spend my time  
Without your state of mind

A sleepless fight, a common night  
My love for you ain\'t right  
A bed for two, I made up you  
Another dead end story

The end of time, the end of space  
Another scratches in my face  
You can\'t make love  
In the middle with you!

Stuck in the middle with you  
Don\'t know what to do  
\'Cause it feels so good  
When I\'m with you, sometimes

I don\'t know what to do  
\'Cause it feels so cruel  
When I spend my time  
Without your state of mind

Stuck in the middle with you  
Don\'t know what to do  
\'Cause it feels so good  
When I\'m with you, sometimes

I don\'t know what to do  
\'Cause it feels so cruel  
When I spend my time  
Without your state of mind  
(State of mind)
