

How come I feel so lost and so lonely
When you\'re right here with me
I should feel security
When you\'re right here by my side

Well I thought that I could just lean back
And enjoy the times that we have
I\'ve been standing on the porch of your life
But you never, never seem to be there
When I spend my time with you I\'m so lonely I could die
Why do I, do I waste my time

How come I feel so lost and so lonely
When you\'re right here with me
I should feel security
When you\'re right here by my side

Well baby I am lost, baby I am blue
Can\'t you see I\'m losing my grip to you
Well I\'ve given you my heart and I gave you my soul
I even gave you rock\'n\'roll
Yeah, baby please can\'t you see that you\'re everything to me
And it\'s burning, burning through to my soul

How come I feel so lost and so lonely
When you\'re right here with me
I should feel security
When you\'re right here by my side

How come I feel so lost and so lonely
When you\'re right here with me
I should feel security
When you\'re right here by my side
I should feel I should feel
I should feel I should feel
I should feel security
