

Screwed, Blued and Tattooed

The Bones

Two wrongs don\'t make one right
One false get out of my sight
So come on, you\'re hotter than the sun
Dance around naked with your black boots on
Shaking those tits on the catwalk girl
So come on, you\'re hotter than the sun

You do what you do and I say what I want
Oh yeah shaking those tits and do your moves
You say what to do and I do what you want me to
You do what you do and I do as you say
Oh yeah shaking those tits and doing your moves
Oh yeah BABY!

Got screwed, blued and tattooed by you
But when I\'m doing you it feels so good
Come on, you\'re hotter than the sun
I fuck this and I fuck that
But you, you even fucked me twice
So come on, you\'re hotter than the sun

You do what you do and I say what I want
Oh yeah shaking those tits and do your moves
You say what to do and I do what you want me to
You do what you do and I do as you say
Oh yeah shaking those tits and doing your moves
