

## Something's Wrong

The Bones

Ever felt like exploding?  
Ever lost control?  
Ever been to my world?  
Ever felt alone?

I try, but I don't understand  
Why all things just go bad  
I know something's wrong  
Yeah I know but I don't care at all

Ever been rejected?  
Ever killed a dream?  
Ever crawled in the gutter?  
Ever met me?

I try, but I don't understand  
Why all things just go bad  
I know something's wrong  
Yeah I know but I don't care at all

Ever won a battle?  
Ever lost a love?  
Ever felt like nothing?  
Ever said: 'Enough!'

I guess I'll never understand  
Why all things just go bad  
I know something's wrong  
Yeah I know but I don't care at all
