

Something's Wrong

The Bones

Ever felt like exploding?
Ever lost control?
Ever been to my world?
Ever felt alone?

I try, but I don't understand
Why all things just go bad
I know something's wrong
Yeah I know but I don't care at all

Ever been rejected?
Ever killed a dream?
Ever crawled in the gutter?
Ever met me?

I try, but I don't understand
Why all things just go bad
I know something's wrong
Yeah I know but I don't care at all

Ever won a battle?
Ever lost a love?
Ever felt like nothing?
Ever said: 'Enough!'

I guess I'll never understand
Why all things just go bad
I know something's wrong
Yeah I know but I don't care at all
