

sXe, Drugs And R'N'R

The Bones

Here we go again, another lost generation going insane
I'm not crazy, I'm not crazy
Fruit instead of a womans hole,
no sex, no drugs, no alcohol
I'm not crazy, I'n no straight edge

Fuck you I'm gonna drink tonight
I'll have a blast in paradise
Hey ho it's partytime - Bye bye!
Keep your opinion to yourself
Your antimeat campaign as well
Yeah, shove it, shove it stay away

Meat-o-phobia and buddist crap you swamifag
Hare Krishna - eat my fist yeah!
Vegan shit no not for me
I want sex and beer and lots of meat
I'm not crazy, I'm not straight edge
