

## If You Want It, Take It

The Boo Radleys

Call the cops and make it loud  
Nowhere to hide away  
Nothing to bribe them with  
I've got nothing against not being  
Proud, to me it's alright

Grab what's going and make it  
Mine, no sense in hanging  
Round waiting for hand-me downs

I don't worry about being proud  
As long as I'm alright

If you want it, make it yours  
There's nothing bright about being  
Undecided  
If you want it, take it all  
There's nothing cool about having  
To go without
