

## My Way

The BossHoss

Back on my wheels, hittin' the pedal and I'm heading  
for  
the next level and I'm shifting gear, pump it through  
the  
steelheart, it's all right - for a little ride!

Chrome girls on my mud-flaps, I got my blue slacks  
and my guitar in the back, well I'm the road-chief  
and I believe that I'm, I'm on a power ride!

I'm a starlight junkie and I follow the beam  
I'm a proud dude and I feel like a king.  
I've got my mind made up, wanna ride my truck  
got a run of luck and there ain't no stop, 'cause

HEY! I'm doin't it my way-  
I'm on a long way on the lonesome highway.  
YEAH! I'm doin' it my way -  
It's my way and I'm doin' it every day.  
I know it's a long way - but I must say, I don't care!  
HEY! My life is a highway - night or day -  
I'm doin' it My Way!

Hey, that's what I want y'all! Wanna reach a new  
highlight-  
I'll never look back! Let me tell you my way is clear,  
I got a new life starting right here.

To the max on the long track, I'm going hog-wild  
like a rip-tide. I'm on a revolution - that's my  
solution,  
pitch black night, yeah I follow the lights.

I'm a diamond fellow and I follow my dream,  
a real gone daddy and I'm doin' my things!  
I've got my mind made up, it's me and my truck,  
got a run of lick and there ain't no stop, 'cause...

My truck o' luck, here I go go -  
yeah down the road, turn on my turbo.  
My truck o' luck' s a crowd pleaser,  
hey folks, I'm the highway caesar!

My trucks o' luck, here I come,  
that's sure where I belong!  
I' got the highway fever,  
yeah baby, I'm a true believer

I'm a diamond daddy and it's time to shine,  
my damn good truck makes the world all mine!  
I've got my mind made up, yeah I wanna rock,  
got a run of luck and there ain't no stop...
