

In Sleep

The Bouncing Souls

In sleep, sweet escape
Riding through New Mexico in June
Left alone with my thoughts
Underneath the pale blue moon

In sleep, sweet escape
Alone out on a beach
The sky is on fire, I walk to the sea
Her soft breath comforts me

My heart is free and I drift away, drift away
My heart is free and I drift away, drift away

In sleep, sweet escape
Riding under the desert sun
With your arms around my sides
In a never ending run

In sleep, sweet escape
I float above myself
And I see the world we made in a warmer light

My heart is free and I drift away, drift away
My heart is free and I drift away, drift away

I know it's gonna be all right when I see you
When I see you in my dreams tonight
And I know you're gonna be all mine when I see you
When I see you in my dreams tonight

My heart is free and I drift away, drift away
My heart is free and I drift away, drift away
