

## Old School

The Bouncing Souls

Sing a song of old school I don't really care where you were or  
who you know sing a song of old school we don't really care wh  
at you have to say about this show the music you love lost it's  
meaning because these people are not aware some people talk ot  
hers are listening sometimes I think I just don't care it's eas  
y to forget the choices we've made and the promises of the past  
but if we really listen to these old school ideals we'll find  
what's good and make it last sing a song of old school everyone  
knows but it seems we all forget the time we needed to see the  
se ideals for ourselves and what it meant I guess I'm on a soap  
box singing a hymn that you don't want to hear no sermon when I  
step down and look around all I see is separation find what's  
good and make it last
