

# Sing Along Forever

The Bouncing Souls

I'm driving listening to my radio,  
checkin out the airwaves for something to believe in,  
gimme something to hold true,  
gimme something to sing about.  
Gimme a reason to care,  
I'll sing along forever

Watered-down words covered in song  
trying to hide the truth  
That life is beautiful,  
and life is pain  
give it to me straight, touch my heart,  
I'll sing along forever.  
I'll sing along forever.  
I'll sing along forever.

I'm driving listening to my radio,  
checkin out the airwaves for something to believe in.  
Gimme something to hold true,  
gimme something to sing about.  
Gimme a reason to care,  
I'll sing along forever

Give it to me straight, touch my heart,  
I'll sing along forever.
