

I Met Her In Church

The Box Tops

I met her in church, I met her in church
On a Sunday morning
She looked at me with eyes aglow
As the choir sang hallelujah
Hallelujah
I met her in church, I met her in church
We fell in love on a Sunday morning
Then all at once I heard angels singing
Singing hallelujah
Singing hallelujah, hallelujah
Saturday night turned into Sunday light
I found love on a back row seat
In a little church just down the street
Met her in church, had a wedding in church
Church, had the wedding in church
The lord willing and the creek don't rise
We're gonna be happy the rest of our lives
I met her in church, I met her in church
Hallelujah
I met her in church, I met her in church
Hallelujah
I met her in church, I met her in church
Hallelujah
