

Code Red

The Boxer Rebellion

Tell me again, yeah I'm losing you
Caught, snagged in a line
You're not coming through

So what was it like that night?
You've been running from love
You've been running from life
What was it like that night?
You've been running from love
You've been running from life

Code red, code red
Yeah, yeah
Code red, code red
Yeah, yeah

Patience, friend, it's not them, it's you
But a freak man telling lies
Of what you say, and what you do

So what was it like that night?
You've been running from love
You've been running from life
What was it like that night?
You've been running from love
You've been running from life

Code red, code red
Yeah, yeah
Code red, code red
Yeah, yeah

Code red, code red
Yeah, yeah
Code red, code red
Yeah, yeah

Ooh, ooh
Ooh, ooh

Ooh, ooh
Ooh, ooh
