## The Boxer Rebellion

Pretty little thing did you feel something  
Did you always want me to be something  
To mend a broken heart  
From a Devil of shallow nonsense  
Turned your world upside down

Whatever said that it'd mean something  
Whatever said that it'd mean nothing  
And did I look the part  
When it's all said and done  
When it's all said and done

I'm no good next to Diamonds  
When I'm too close to start to fade  
Are you angry with me now  
Are you angry cause I'm to blame

I'm no good next to Diamonds  
When I'm too close to start to fade  
Are you angry with me now  
Are you angry cause I'm to blame

Never wanna hide the truth from you  
Just hang my head what I put you through  
I wasn't good enough  
When what's done is done love  
When it's all said and done

But I'm

No good next to Diamonds  
When I'm too close to start to fade  
Are you angry with me now  
Are you angry cause I'm to blame

Cause I fall away  
Further than I ever was  
Further than I ever was  
Further than I ever was  
Further than I ever was  
Further than I ever was

I'm no good next to Diamonds  
When I'm too close to start to fade  
Are you angry with me now  
Are you angry cause I'm to blame

I'm no good next to Diamonds  
When I'm too close to start to fade  
Are you angry with me now  
Are you angry cause I'm to blame

Cause I fall away  
Further than I ever was  
Further than I ever was  
Further than I ever was  
Further than I ever was

Further than I ever was  
Further than I ever was

I have no words
