

Forever

The Brand New Heavies

Forever, I will love you forever
Forever, I will love you forever, yeah
Forever, I will love you forever
Forever, yeah baby, I will love you forever

People come and people go
Acting happy just for show
Think they do but they don't know
What it is to see love grow

Living life so all alone
Hiding feelings better shown
Nothing better could I own
Than what I have with you

Forever, I will love you forever
Forever, yeah baby, I will love you forever

Far and wide I looked for you
Many nights just feeling blue
You told me that you felt it too
Before you came my way

Now I have you by my side
Nothing left for me to hide
Set to face the coming tide
What the future brings

Forever, I will love you forever
Forever, yeah baby, I will love you forever

Forever
(Need you baby, need you baby, I need you baby, right now)
I will love you forever
(Need you baby, need you baby, I need you baby, right now)

Forever
(Need you baby, need you baby, I need you baby, right now)
I will love you forever
(Need you baby, need you baby, I need you baby, right now)

Oh oh
(Need you baby, need you baby, I need you baby, right now)
My baby
(Need you baby, need you baby, I need you baby, right now)

Life goes on and on and on
People come and people go
And I want your love
I need your sweet love
(Need you baby, need you baby, I need you baby, right now)
I need it twenty four seven, three sixty five days a year

Baby
(Need you baby, need you baby, I need you baby right now)
I'm goin' get you
(Need you baby, need you baby, I need you baby right now)

Forever, forever, forever, forever, forever
