Stay This Way

The Brand New Heavies

Living with you in my life Is like feeling the whole worlds on my side Putting a smile in the place Where a tear used to run down my face Feeling the sun on my head Where a cloud used to follow instead Singing a song in my heart In a place where all my troubles depart

If our dreams are falling down to the ground Let them fly Let the rain keep falling down Cause baby I'm high Now it will fly now that were together oh ho Love is so high stay this way forever

Living with you in my life Is like feeling the whole worlds on my side Putting a smile in the place Where a tear used to run down my face

Love will be here forever I know that well stay together Our love will be here forever I hope that well stay together
