

## Here No More

The Breeders

Not lost but gone before  
Here no more, here no more  
Each day the long light dims and fades  
Not lost but gone before

Creation sings, mountains bring  
Age is born through memory and lore  
Upon a saw tall timbers fall  
Here no more, here no more

The light shines close, echoes low  
Of your sweet voice, I weep and mourn  
Upon a saw tall timbers fall  
Here no more, here no more

Not lost but gone before  
Here no more, here no more  
Each day the long light dims and fades  
Not lost but gone before  
Each day the long light dims and fades  
Here no more, here no more
