## **Here No More**

## **The Breeders**

Not lost but gone before Here no more, here no more Each day the long light dims and fades Not lost but gone before

Creation sings, mountains bring Age is born through memory and lore Upon a saw tall timbers fall Here no more, here no more

The light shines close, echoes low
Of your sweet voice, I weep and mourn
Upon a saw tall timbers fall
Here no more, here no more

Not lost but gone before
Here no more, here no more
Each day the long light dims and fades
Not lost but gone before
Each day the long light dims and fades
Here no more, here no more
