## Iris

Four hours in the pot, one hour out It grows and I sleep standing up When Iris sleeps over What a book she'll write Oh last night Oh come on, nobody wants that Sister, sister, Oh... We tried hour by hour Hour by hour Hour by hour Four hours to daylight, four hours and then Pour water on me til I live again When Iris sleeps over It'll be alright All last night But come on, nobody wants that Sister, sister, oh... We tried hour by hour Hour by hour Hour by hour
