

# It's the Love

The Breeders

Oh, Oh  
We belong  
To the spaces  
Between our love and hate  
And social places

Oh, Oh  
We belong  
To the choices  
You make between your ears and hear  
Funny voices

But it's the love  
It's the love  
It's the love, love, love, love, love, love  
It's the love

Oh, Oh  
We belong  
To the faces  
Between our love and hate  
And all their seether

Oh, Oh  
We belong  
To the choices  
You make between your head and funny head  
And funny dazes

But it's the love  
It's the love  
It's the love, love, love, love, love, love  
It's the love

Wooh!  
It's the love  
Love  
It's the love, love, love, love, love, love  
It's the love
