

Saints

The Breeders

I like all the different people
I like sticky everywhere
Look around, you bet I'll be there!
Hot metal in the sun
Pony in the air
Soeey and saints at the fair
Saints alive you're saying
Walk in.. squares
The hid are out,
Out for the year
It's a lot of face
A lot of crank air
Eroding round here

Summer's ready, summer is ready when you are..

I like all the different people
I like every kind of fair
In the crowd, you bet I'll be there!
Walking around
Going nowhere
Seeing soeey and saints at the fair

Summer's ready, summer is ready when you are..

It's a lot of face
Crank air
Walking in squares
In the sun

Summer is ready when you are.
