

## Cause, I Lover

### The Brian Jonestown Massacre

she said  
"i love you"  
and i know it can't be wrong  
cause i've waited for so long  
i've waited for you  
he said  
"oh."  
well you best run for your life  
because i'll never take a wife  
i live alone with all my strife  
i'm unrepented  
but i said  
"i love you"  
and the tears that you have cried  
many years after they've dried  
i will be there by your side  
because i love you  
yes i do  
you?
