## (I Love You) Always

## The Brian Jonestown Massacre

I'll love you No matter what you may do I'll always Be the one for you My love will never change Always stay the same No matter what you do Or always Forever in this way I'll never Be the one to say That I have had enough Because I am in love Always You grace my days with your light Even when it dims your soul is shining bright You give me something that I need The love that I give to you has no greed So don't apologize Can't you see Don't want to change you Just want you to be Everything we see What you want to be It's easy You grace my day with your light And even when it dims it still is shining bright You gave me something that I need The love that I give to you All comes back to me
