

Lantern

The Brian Jonestown Massacre

You can become all the good things you believe
You can live life as love just as long as you are free
You'll be happy I know, it's a lantern you have seen
I know
Now that you know all your love that you can be
You can live life as love just as long as you are free
You'll be happy, you'll know, there's a lantern you can
see
I know
I have become all the good things I believe
I've been spreading my love just as long as I'm free
I'm happy, I know, there's a lantern I can see
I know
I know
I know
