## Lantern

## The Brian Jonestown Massacre

You can become all the good things you believe You can live life as love just as long as you are free You'll be happy I know, it's a lantern you have seen I know

Now that you know all your love that you can be You can live life as love just as long as you are free You'll be happy, you'll know, there's a lantern you can see

- I know
- I have become all the good things I believe
- I've been spreading my love just as long as I'm free
- I'm happy, I know, there's a lantern I can see
- I know
- I know
- I know
