

## Sound of Confusion

### The Brian Jonestown Massacre

There was a fire and I could not hide  
There was a fire so I jumped inside  
I got lost inside you  
And now I'm lost inside you

And all of the love that I have inside  
Just look in my eyes they're open wide  
And I'm lost inside you  
I'm so lost inside you  
Lost

All of this love that I have inside  
Just look in my eyes I can not hide  
That I'm lost inside you  
I'm so lost inside you

All of this love that I have inside  
Just look in my eyes they're open wide  
I'm so lost inside you  
Lost inside you  
Lost  
Inside you  
Lost  
Lost inside you  
You

I've got the message  
You're out of your own pant  
I tried my hardest to say this to you  
It makes no difference  
These words that we both said

They go in your hands  
I out there  
Take such a long time  
I kick the door and I'm ready to your place  
I, I couldn't be you  
I bring the fire, I spit it in your face  
I've tried my hardest to you

It goes in your hands  
And it comes at some place else  
It makes no difference  
You're in love with your own face

It goes in your hands  
And it comes out yet  
For mankind

That boy who made you low  
That boy don't even know  
The boy caused you pain  
That boy's got shit for brains

Had to let you know  
I really don't even  
Know what I know

You're my sunshine  
You're my sunshine

Sad girl, don't lose your faith  
Your tears are pretty diamonds  
I'll kiss them off your face  
I love to see you smiling

Had to let you know  
I had to let you know  
You're my sunshine

Just when you thought  
That there couldn't be more  
I can turn out the lights  
And I'll show you it all  
I can take you to heaven before the sun comes up  
It's the way that you smile  
When your talking to me  
When I lost all my faith  
You just made me believe  
And I'll tell you all about it  
Yeah  
Get up closer to me

Cause I feel like I've been spinning round and round  
I feel I've been spinning round and round  
I feel like I've been spinning round and round  
I feel like I've been spinning  
Round and round  
You're my sunshine  
You're my sunshine

Angel  
There's no sense calling out your name  
Look at  
To be near  
Somewhere  
It's something but it's not the same  
Fears  
So you say you're the angel's child  
You're going too far  
All around you  
You'll worry about what tomorrow brings  
You  
All around you  
Instead it makes your life feel complete  
It keeps you on the edge of your seat  
Laugh in the face of the kingdom come  
And now you see it's falling  
All around you  
Now you'll say that you've heard it all  
And now we see  
Keep  
And lay the branches down at your feet  
It doesn't have to be that way  
It doesn't have to be that way  
It doesn't have to be that way

I never wanted to  
She never wanted to  
I never wanted to  
She never needed love

It feels so  
Down your  
Come to they  
It's too that you've been  
The source of all love, life

You will learn you're headed for a fall  
Or you can with your dreams  
Life is a  
It doesn't have to be that way  
I never wanted to  
She never needed us  
I never wanted to  
She never needed love  
I never wanted to  
I never want to die  
She never wanted to  
I never wanted to  
She never wanted to  
I never  
She never wanted life  
I never  
I never wanted to love you girl

When I'm looking deep inside myself  
And it seems in vain  
How I've tried to be like someone else  
But remain the same  
A wasted life

I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)

When I'm sitting deep inside myself  
And I seem so changed  
Think about there's some place else  
And it feels in vain  
I waste my time

I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)  
I want to know (I want to know)
