

Run The Other Way

The Briefs

something's burning in my eyes
i can't see much at all
i can't see nothing girl toniiiiight
i can't see anyone
give me give me danger give me something i can talk about
i want to get the boot i wanna have to say i wonder why

blood is rushing to my brain
i know a lot of things
people would pay to see a fight tonight alright
i hope they always will

don't wanna be a part of it dont wanna say i saw you there
i'll catch it on the tv i'll be sitting in my underwear

run the other way (4x)

something's burning in my eyes
i can't see much at all
i can't see nothing girl toniiiiight
i can't see anyone
something's burning in my eyes
i can't see clear at all
i can't see nothing girl toniiiiight
i can't see anything

give me give me danger give me something i can read about
i want to get the boot i want to have to say i wonder why

run the other way (4x) today.
