

Don't Care

The Briggs

Will we lose out in the end?
I've got nothing left to spend
Don't ask me for my name
To you we all look the same

They don't seem to care about us

Are we saved by the grace of god?
Well I can't tell if your right or not
Bleed for me and I'll let you in
Breathe your life into my skin
I've missed my chance again

They don't care about us
