

## Rape Zombie

The Bronx

does this endless wrecking ball  
involve anyone or anything at all  
be careful how much you take  
they're watching your every move  
waiting on your dance floor  
endless get away  
confessed to a wall  
cause these kind of drinks will make you crawl  
beg rip of your face  
so be careful how much you take  
they're watching your every move  
waiting on your dance floor  
because you'll never make the right decisions  
with busy hands and blurry vision  
mislead you know you won't admit it  
you went against your own  
she's dead you might have over did it  
now you're on your own  
the days are long but the nights are longer  
and after midnight the drinks can only get stronger  
the end it near so we become smoke and we become mirrors  
come home with me now  
i won't have you any other way
