

## My Pride

## The Bruisers

All this weight that's put on my back  
What's it gonna take to make it crack  
It takes all I've got just to get by  
Can't get ahead no matter what I try  
Think everything I do is wrong  
And that I have waited for too long  
To do what's right and be a man  
You could never understand

I won't break my stride  
I'll never lose my pride

Well all I've got it's all for me  
I won't live for your society  
It takes all I've got just to make ends meet  
So what I've got it belongs to me  
The ones that matter stick by my side  
And give me strength to stay in stride
