The Buggles

On some lonely motorway  
I was forced to spend the day  
Services--I stop the car  
Restaurant and in the bar

I lie right back and turn the radio on

Now for major surgery  
I'll be you and you'll be me  
Wonder what was in her mind  
Was I really so unkind

To lie right back and turn the radio on

Technopop  
Technopop  
Technopop

Can we settle out of court  
Loyalty cannot be bought  
Effortlessly changing gear  
Maybe this will all end here

I lie right back and turn the radio on
