

## Vermilion Sands

The Buggles

My heart is an alligator  
Better watch your step - watch your step  
This heat is an incubator  
Make a diamond sweat - wanna bet  
Live life like you're flying solo  
Never in the net - in the net

Dancing in silence the orchestra late  
In the Essoldo or down by the lake  
I don't care

Take me to Vermilion Sands  
Hold me in familiar hands  
Take me to Vermilion Sands

Sandyacht on a thermal roller  
We were never there - never there  
Live life like you're flying solo  
Never in the air - in the air

Dancing in silence the orchestra late  
In the Essoldo or down by the lake  
I don't care

Take me to Vermilion Sands  
Hold me in familiar hands  
Take me to Vermilion Sands

My heart is an alligator
